

BRS ENT UK Flowchart for the Management of New Onset LOS in the COVID-19 Pandemic

Andrew Colman
Hebburn, U.K.
July 2020

For all patients with **loss of smell (LOS)** establish **COVID-19** status through history / PCR / serology if possible

Offer anosmia advice sheet to patients if possible and direct them to **AbScent** and **Fifth Sense** for further support

Olfactory training is **RECOMMENDED** for patients with **LOS > 2 weeks**

INCS = Intra-Nasal Corticosteroid Spray
OCS = Oral Cortico-Steroids
